\*Area in RED is not printable.

\*\*Dotted line shows where the heel is placed in the design.  
Make sure all full art is above of below that line.

PSA.20.1

# PERFORMANCE SOCK - ANKLE

## HOW TO USE

1. Use the reference sock to understand what each part of the template represents.
2. Please ensure your design is continuous around the entire sock. Keep in mind the sock is a tube.
3. Please limit your design to 6 total colors (3 PMS matched, 3 closest matches)  
NOTE: Toe, heel and cuff colors are included in the 6 colors.
4. Use the guide in the reference sock and template to ensure your designs meet minimum text and line size.
  - All text that is straight must be at least .4" IN or 1 CM in height.
  - Diagonal text must be a minimum of .6" IN or 1.5 CM in height.
  - Lines must be at least .062" IN or .15 CM in width.
5. The toes and heel cannot be printed on.
6. The cuff can be printed, however, more spandex is used in the knitting process in the cuff which results in some distortion of any printing within it.
7. The arch support can be a solid color, but cannot be printed on.
