

bespoke vegan leather accessories
for the 21st century brand.

Our Crosshatch Vegan Leather is **Next LVL**

Luxurious Feel

The LVL Line is crafted with high-quality vegan leather with a fashionable crosshatch texture. Modeled after traditional Saffiano leather, the elevated, dimensional texture of our vegan leather feels just as luxurious as it looks.

Low Maintenance

In addition to being stylish, the crosshatch texture of LVL products is easier to wipe clean than traditional pebbled leather, so your full-color designs will stay brighter and last longer.

Cruelty Free

Made from durable crossline PVC, the entire LVL Line offers an animal-free, ethical alternative to your favorite leather goods, with the added bonus of full-color customization possibilities at an attractive price.
