Our partnership
with veritree

A Gift That Grows

We've partnered with veritree,
a reforestation platform
connecting businesses to verified
tree-planting projects.

For every 100 pairs of Socks ordered, we plant
one tree, turning a customer favorite into a driver
of real-world impact.

So far, that's added up to nearly 10,000 trees, 5 hectares restored
(about 7 soccer fields), 36 days of work for planting teams, and 4,489
tons of CO2 offset, roughly the equivalent of 73 flights from LA to
Tokyo. Current projects are restoring land in Florida, Michigan, and
wildfire-affected areas of California.

KIND TO THE EARTH, EASY TO LOVE.

ORDERED LATE, WRAPPED ON TIME.

There in Time for Wrapping: Fast Turns, Low Minimums

Lower minimums do more than save the day, they open doors. Smaller client, first-time order, a quick test before the big program: when the quantity doesn't have to be huge, every idea gets easier to say yes to. And because everything is still fully custom and Pantone-matched, a fast order never has to look like one.

TECH AND DESK ACCESSORIES For the Desk and the Commute

This year's Tech and Desk Accessories are custom branded down to the strap, from the pieces that travel with them to the ones that hold down the desk. The **Silicone Suction Phone Mount** leads the way, a best seller two years running. And with people reaching for their phones nearly 200 times a day, this year's lineup is designed to support that moment, and put the brand in hand every time.
